Creating global brands a challenge: Murthy

India may be the second-fastest growing economy in the world, but it faces the challenge of constantly being innovative and creating global brands, Infosys co-founder and chief mentor N R Narayana Murthy said. "I have seen a new sense of confidence in India. Our companies have done pretty well. They have gone and acquired several companies in

Europe, in Asia and in the US. But we do have a challenge and that is we have to create global brands," said Murthy.
